

The background of the slide is a grayscale photograph of a modern office interior. Three people in business attire are silhouetted against a large window that offers a panoramic view of a city skyline. The office has a high ceiling with exposed structural beams and a polished floor. The Peterson Capital logo, consisting of the company name and a stylized blue and white symbol, is overlaid on the image. The text 'The Power of Retail' is positioned below the logo.

**"The Peterson Capital European Capital Markets Team scheduled some of the most impactful retail meetings we have had since being public. Each day we got feedback both from the team and from the investors to improve our messaging and communication. With this, they not only worked with our presentation but their own. It seemed this dynamic team is looking for all-win investments where they have selected companies and investors to work together that have similar interests and timelines. I was truly impressed by the work they did and can't imagine not doing it again if invited."**  
Jesse Douglas, CEO of Green Impact Partners – European Platform

**"I found the luncheon events in Geneva and Zurich to be well attended, with quality investors who asked intelligent questions. The people I met constitute strong potential to create long lasting relationships with patient investors. The events were well organized, Peterson Capital also scheduled complementary meetings before and after the luncheons, in order to maximize the use of my time. They were always professional, cordial, and provided me with whatever assistance I needed. I would definitely do the events again at the same locations for follow-up, or at new locations to expand reach."**  
Sean Krakowsky, CEO of Nanalysis Scientific – European Platform
